

THE EAGLE

BRADFORD
HIGH SCHOOL

BRADFORD
HIGH SCHOOL

**Bradford High
Annual Staff**

Presents

**EAGLE OF
73**

We, the Seniors of 1973, dedicate our annual to Mr. Billy Joe McKnight who has helped us through our years in school. Mr. McKnight has dedicated his life to helping others, not only in school but also in church activities and scouting. This is our way to show appreciation for what he has done to help us.

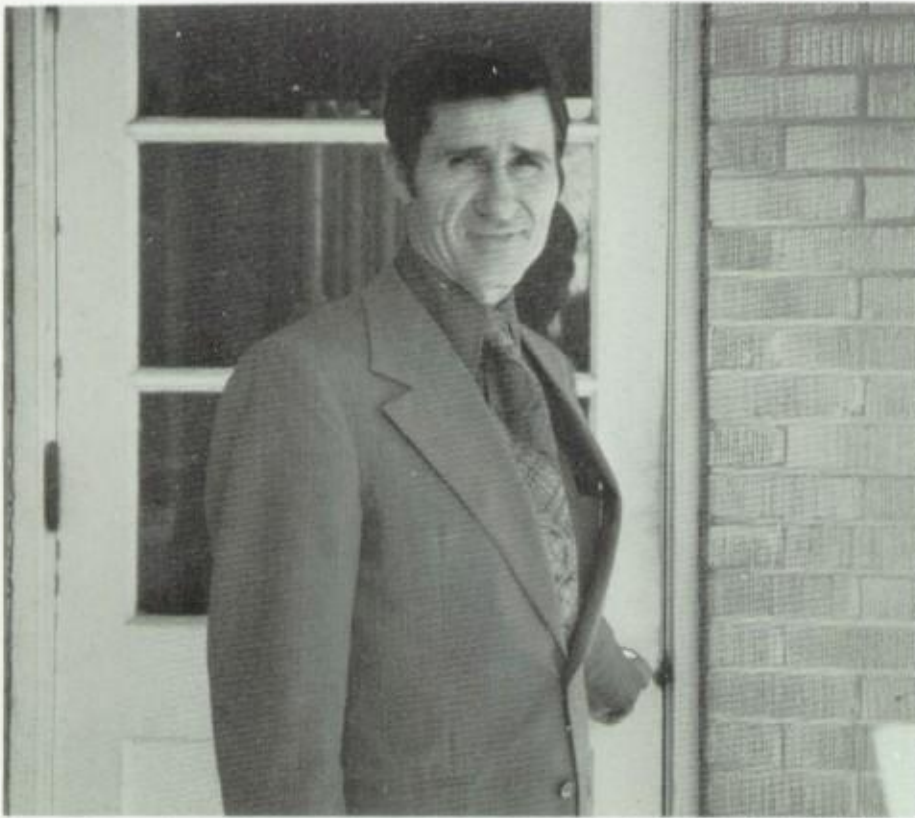

Dedication

In appreciation for all the time and effort Miss McGee has given toward our school and to us the students, we also wish to say Thank you.

ADMINISTRATION

The completion of the 1972-73 school year will see Bradford High School graduate its fifty-fifth group of students. We offer our congratulations for each individual accomplishment, and simultaneously express our concern that each one might be able to face the future confidently and satisfactorily. It is our hope that each member of the graduating class finds his or her niche in life in a minimum of time and with a maximum of enjoyment.

There are, however, eleven other would-be graduating classes waiting in the wings, with others soon to start down the same path. The responsibility is overwhelming. We must attempt to move forward steadily in order to provide the educational program that best fits the needs of the majority of our students.

It is my desire - and I know that I speak for the faculty and the school board - that we at Bradford continue to work to improve the educational program. Success will come, however, only to the extent that the people of the school district are willing to provide the financial means for obtaining the best.

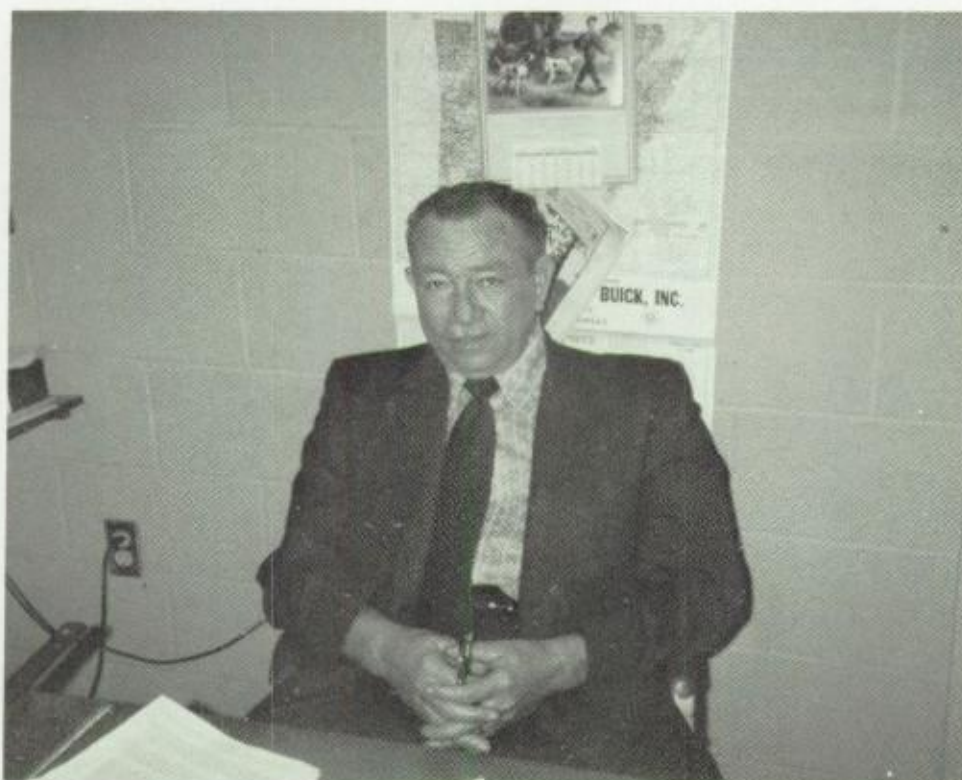

Mr. Rudolph Amann, Superintendent

Each of us as an individual knows ourselves as we are. We are perceived by others not as we are, but as we act. Our actions from day to day tend to stereo-type as according to our relevance in society.

Pride in ourselves, in our school, and in our community are the components for the final determinant of our actions. We must have pride! Our goal must be to take pride in ourselves. This self-esteem will have a far-reaching effect on the judgments of others. Let us, therefore, strive to incorporate this essential element, pride, into the actions of our every day lives.

MR. STANLEY GIBSON, Principal

Since I have coached for 25 years, I find discipline to be the first ingredient necessary for building young boys for tomorrow.

Since this is my first year as an elementary principal, I still believe it is even more important working with the young kids that we stress discipline, because they will soon be our leaders.

Also, they will be more ready for high school and college from their training in elementary school. Everyone has to discipline himself to every job he does.

MR. DICK WINNINGHAM, Principal
